Atty. Docket No.: 10541-809 Visteon Disclosure No.: V200-0867

ABSTRACT

A seating system and a shared sensor is described and shown. The seating system includes a seat section and a back section, adjustable bolsters coupled to the seat section and the back section, and a control unit coupled to the adjustable bolster. The shared sensor is coupled to the control unit of the seating system and to another system in the vehicle.
